

Additional Information
September 27, 2022 Board Meeting

The following additional information was provided regarding the September 27 Board meeting agenda:

Item 3.a, Public Hearing:

1. What work has ForeFront Power done with other community colleges? **ForeFront Power has provided solar projects for Allan Hancock College, Bakersfield College, Cabrillo CCD, Cerritos College, College of the Redwoods, Grossmont Cuyamaca CCD, Kern CCD, San Diego CCD, Sierra College, State Center CCD, Taft College, Ventura County CCD, and West Kern CCD. The presentation this evening will also highlight the California projects that ForeFront Power has participated in.**

Item 4.a, Citizens' Bond Oversight Community Report:

1. Why is the report not distributed to all voting households? Or is it due to cost? **Yes, to reduce costs the Community Report is mailed to households within a one-mile radius of the Colleges. All prior year Community Reports are also available on the District website at <https://www.nocccd.edu/citizens-oversight-committee-344/2249/community-report>.**

Currently, we are sending the Community Report to roughly 22,000 households at an approximate cost of \$8,800 (printing, addressing, and postage fees). To mail it to the approximate 437,000 voting households it would cost the District almost \$84,500.
