AP 5055 Enrollment Priorities

Reference:
Title 5, Section 58106

1.0 Enrollment priorities will be designed to facilitate the enrollment of students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goal.

1.1 New students who have completed college orientation, assessment, and developed education plans, as well as continuing students in good academic standing who have not exceeded 100 units (not including non-degree applicable basic skills and ESL) will have priority over students who do not meet these criteria.

1.2 Active-duty military and veterans, current and former foster youth, Extended Opportunity Programs and Services and Disabled Students Programs and Services, followed by eligible athletes, CalWORKs and School of Continuing Education transitional students will have priority for registration if they meet the criteria in 1.1.

1.3 Continuing students would lose enrollment priority if they earned more than 100 units (not including non-degree applicable basic skills and ESL) or if they were on academic or progress probation for two consecutive terms.

1.4 Students who have lost enrollment priority and meet one or more of the following criteria may appeal to the college in accordance with the College’s Appeal Process. The ruling of the responsible Dean is final.

1.4.1 Students with disabilities, who applied for but did not receive timely reasonable accommodations (providing the student has met all requirements and deadlines).

1.4.2 Students who have earned more than 100 units, but are enrolled in high unit majors or programs, as determined by the college.

1.4.3 Students who have extenuating circumstances (verified cases of accidents, illnesses or other circumstances beyond the control of the student).

1.4.4 Students who demonstrate significant satisfactory academic improvement in a subsequent term, but whose term GPA is not high enough to raise the cumulative GPA.
