NOCCCD Extensive Laboratory Course List					
Updated August 2026 to include Fall 2026 Approved Courses					
Extensive Lab Designation Based on Mode of Instruction					
Laboratory courses schedule as **in-person/on-campus** will receive the EL Designation and be compensated at 1 to 1 or 100% of a lecture hour.					
Laboratory courses schedule as **Synchronous or Asynchronous** will not receive the EL Designation and					
be compensated at .75 to 1 or 75% of a lecture hour.					
Synchronous or Asynchronous modes of instruction do not meet the following EL designation requirements.					
- EL courses require interactive involvement of the instructor. The instructor is required,					
by the nature of lab activities, to engage in extensive interaction with students in a structured manner.					
- Supervision of equipment maintenance, laboratory setup, acquisition of lab materials and supplies, field trip					
logistics, or preparation to ensure a safe environment conducive to learning.					
- Instructor is actively engaged in lab when students are performing lab activities.
