- E. **Trustee Leonard Lahtinen** noted new positions to District Services and inquired on the need for a new management position of Finance & Facilities Internal Auditor. External auditors will continue to be used as required by law.

MINUTES: It was moved by Trustee Leonard Lahtinen and seconded by Trustee Molly McClanahan that the Board approve the minutes of its Regular Meeting of June 24, 2014. **Motion carried with Trustees Brown, Dunsheath, Lahtinen, McClanahan, and Miller voting yes, Trustee Ontiveros abstaining from the vote, and including Student Trustees Pichardo and Tith's advisory votes.**

GENERAL

Item 3.a: It was moved by Trustee Donna Miller and seconded by Trustee Barbara Dunsheath to adopt Resolution No. 14/15-01, Resolution of the Board of Trustees of the North Orange County Community College District Ordering an Election, and establishing Specifications of the Election Order, authorizing a bond election for November 4, 2014.

Bonnie Jean von Krogh of the Lew Edwards Group and Richard Bernard from Fairbank, Maslin, Maulin, Metz & Associates outlined for the Board of Trustees the community bond survey conducted between June 26 and July 1, 2014, and stated that the survey results indicate community support for *a Fullerton and Cypress Colleges Repair and Student and Veteran Job Training Measure* this November at the \$574 million amount. They described the extensive community engagement/methodology process used and provided highlights of the survey results, along with the revised ballot title and summary. They identified the increase in support from fall 2013 to summer 2014 and provided the following conclusions:

- A NOCCCD bond of as much as \$574 million is viable in November 2014. The District has a clear opportunity to move forward with a bond for this November, should the Board wish to do so.
- Support has strengthened and increased, particularly when people have information about the needs.
- The District's extensive community outreach and engagement process and communications efforts over the past several months have been very successful

In the ensuing discussion, staff and the consultants clarified that (1) the \$574 million amount came from a projected cost of construction projects; (2) neither of the consultants or their firms have offered, nor have they been asked, to contribute to the passage of the bond measure nor to any of the trustees up for re-election; (3) the approximate tax rate would be \$15.65 per \$100,000 assessed evaluation; and (4) no capital appreciation bonds (CAB) will be used.

(See Supplemental Minutes #1134 for a copy of the complete presentation.)

Bob Simpson stated the District should go forward since there is strong support for placing the ballot before the voters.

Rajen Vurdien stated that the success of any society is based on its ability to educate and buildings built before WWII no longer fill the need of today's society. He also added that Fullerton College administrators are in full support of the pursuit of a bond measure. He stated that the sense of the Fullerton College Faculty Senate is that the District needs to place a bond measure on the ballot in order to take care of the facilities' needs.

Greg Schulz stated that the School of Continuing Education is in full support of pursuing the ballot measure.

Richard Fee stated that managers throughout the District are in support of pursuing a bond measure.

Adam Gottdank stated that the School of Continuing Education Academic Senate has not taken a position, however, most faculty are in support of a bond measure.

Jolena Grande stated that the Cypress College Academic Senate has not taken a position but the level of support from Cypress College faculty is high as apparent by the many speakers from Cypress College.

Sam Foster stated that the Fullerton College Faculty Senate deemed Fullerton College facilities are not adequate for the next 40-50 years and there is no other way to fund facilities projects without a bond. The sense of the Faculty Senate is only through a bond measure can facilities needs be met.

Dale Craig stated that United Faculty has not taken an official vote. However, most faculty will not be directly impacted and as such he did not see any enthusiastic support nor much opposition for the pursuit of a bond measure. He added that United Faculty has a Political Action Committee and he will ask the membership if it wants to use United Faculty Political Action Committee money for assisting with the passage of the bond measure.

Rod Lusch stated that the classified membership has not expressed opposition to a bond measure but noted that adequate oversight and transparency are needed. He reminded everyone that the Fullerton College Maintenance & Operations program has yet to have a fixed facility for its staff.

Trustee Leonard Lahtinen that the District's Educational and Facilities Master Plan outlines the District's facilities in need of repair/replacement. He added that he would hope that the 2013-14 Orange County Grand Jury Report on Orange County Community College Trustees: Responsibilities, Compensation and Transparency would not shed a negative light on the District as none of the District's trustees were found culpable of anything.

Trustee Barbara Dunsheath stated this was a heavy decision; however, she fully supports community colleges and is in support of the bond measure.

Trustee Jeffrey P. Brown stated he is in favor of the bond measure because of his fiduciary responsibility as a trustee and his responsibility to students and the community.

Trustee Molly McClanahan stated that a facilities bond measure is a legitimate reason for debt in support of the District's Master Plan facilities projects. She thanked all the speakers that addressed the Board.

Trustee Donna Miller thanked the speakers for providing personal examples of why a bond measure is needed to upgrade/replace facilities.

Student Trustee Omar Pichardo stated he supports a bond measure and will work to help the passage of the bond.

Student Trustee Stephen Tith expressed his appreciation for speakers' comments and indicated his full support for the bond measure.

Upon conclusion of discussion, **the resolution was adopted with Trustees Brown, Dunsheath, Lahtinen, McClanahan, Miller, and Ontiveros voting yes and the Student Trustees' advisory votes of yes.**
