I. REQUEST FOR INFORMATION:

1. At lot #6 & Delivery Yard, the total damaged areas combined is less than 5,000 SF and appx. 3 or 4 locations maximum, not 13,000 SF @ 20 locations as specs calls for. Please clarify. (or at least we need to provide the unit price breakdown so that we can apply to deduction if needed)

A. See revised Specifications.

2. Lot #8 does not need any crackfill, there are a lot of fine cracks, yes, but it have been sealed, fully covered, and in good condition. These fine cracks does not have any reservoir to receive the new crackseal material anymore, we need to have the opening of min. a quarter of an inch or larger to crackfill it. Please advise.

A. See revised specifications.

3. During the job walk it was talked about/decided that parking lot #8 should not be crack filled. Will you be omitting this from the bid documents?
