

zoom

Video Conferencing

I. What is Zoom?

Zoom is a tool for hosting online meetings and web conferences. ConferZoom (Zoom Pro) is provided for free by the State's Chancellor's Office for all community college employees. With ConferZoom, you can easily host and attend state-of-the-art video meetings right from your desktop, tablet, or smartphone. It works on Windows, Mac, Android and IOS. You can use ConferZoom to give a PowerPoint presentation, demonstrate software, draw on a virtual whiteboard, or just meet virtually using a web cam. It's also easy to record your ConferZoom meetings for later use!

II. How to set-up a ConferZoom account?

Click [here](#) for instruction on setting up a ConferZoom account. Please allow 48-72 hours to create your account.

You can find User Guides at, [CCC Confer and ConferZoom Support](#)

III. How to More Effectively Manage Teleconferences?

Video below by the Organizational Performance Group offers guidance on how to manage teleconferences more effectively.
