VII. Proposed Revisions to BP/AP 4020 Program and Curriculum Development

DCCC Chair informed committee of 6 year cycle review for board policy 4000 range concerning Academic Affairs this year. The District Consultation Council (DCC) agreed to have the District Curriculum Coordinating Committee (DCCC) lead the review on Board Policy (BP) 4020. Curriculum Committee Chairs agreed to begin conversations on this matter at the curriculum committee level and report back to DCCC with any recommendations made by discipline faculty.

VIII. Transfer Degree Naming Conventions

David Soto presented on Transfer Degree Naming Conventions and the internal acronym considerations we will need to utilize in light of the new University of California Transfer Pathway (UCTP) degree. With the Cal-State University transfer degree (CSU-ADT) already on offer. The presentation highlighted the potential for confusion on the part of students who will now need to consider two different pathways with respect to transfer degrees. Committee agreed with these considerations and suggested a student survey may be beneficial. In addition, Curriculum Chairs agreed to further discuss this matter with their discipline faculty at campus Curriculum Committees and will bring back input to DCCC.

IX. Discussion

Committee expressed interest in reviving efforts to explore curriculum inventory management software and supported District efforts in facilitating future forums. DCCC Chair agreed to follow-up on the committee's request and will coordinate efforts for faculty to observe and weigh-in on this work. Committee agreed to develop demo sessions in Spring 2022.
